

MC600

AUTOMATIC CARTON CODER & OVERPRINTER

The Open Date MC600 is a versatile off-line carton overprinting machine which is simple to set and operate and requires little maintenance. It is capable of feeding and coding a wide variety of flat cartons, crash lock cartons, skillets, sleeves and cards.

The MC600's self driving handling system uses gravity to transport the cartons from the infeed hopper to the hot foil overprinter where it is stopped, coded and released into the catching tray. The system uses no motors or pushers.

Changing from one carton to another is uncomplicated needing no tools or change parts.

FEATURES

- Gravity feed system
- Positive vacuum de-nest
- Mobile stand
- Choice of Hot Foil printing units
- Print areas up to 50 x 100mm
- Batch counter
- Proven technology
- Simple operation
- Reliable
- Auto shut-off
- Minimal maintenance
- Handles a variety of shapes
- Integral safety circuits
- Accurate print position control.

SPECIFICATIONS

MC600

Dimensions (HxWxD)	1400 x 550 x 1100mm
Weight	55kg
Operating speed	Up to 90 cartons/minute
Air supply	4,0 to 6.8 Bar
Operating Voltage	110 or 240v AC, 50/60 Hz
Carton Size – maximum	300 x 300mm

MC100
